

The Prince of Wales's Building Crafts Apprentices

APPLICATION FOR THE 2009 PROGRAMME

Applicant's Name

Application Date

Thank you for expressing interest in becoming one of the Prince of Wales's Building Crafts Apprentices. Please read and complete this application form and return it to the address below. The form asks that you provide contact details for a referral from your employer or college. This is an important part of the application and you should ensure that it is completed. Note that your referral will only be contacted if you are shortlisted for the programme.

Building on the success of The Prince of Wales' Building Craft Apprenticeship in the United Kingdom, the current program in New Orleans has been designed to offer successful applicants a structured six month program of tuition and practical experience to enhance the skills already shown. Practical Experience will be delivered by placements, including restoration and conservation work on historic buildings as well as the creation of new buildings.

To be considered for one of the places, candidates must have a high school diploma or be successfully working toward its equivalent and be enrolled in Delgado-LTC or a member of one of the following trade unions: United Brotherhood of Carpenters and Joiners of America, New Orleans Carpenters & Pile Drivers Local Union 1848, Bricklayers and Allied Craftworkers Local #6 of Louisiana, Mississippi & Alabama, New Orleans Electrical Workers Local Union #130, New Orleans Painters, Wall-Coverers & Drywall Finishers Local Union #1244, Plumbers & Steamfitters Local #60.

The opportunity to be a Prince of Wales Building Crafts Apprentice is open to all who have, or expect to have, the appropriate qualification, whether in education or work, but you will need the support of your college or employer to allow your full attendance during the course of the programme.

The programme is looking for those with the will to succeed in the rapidly expanding traditional building and construction sector, and the desire to use and develop their skills to improve the built environment for this, and future, generations.

When complete, please submit this form online, and then print a copy and send it to the address below, together with copies of the other requested documents:
